## Marches Building Investment Grant Scheme

The Marches Building Investment Grant is a scheme part-funded by the European Regional Development Fund which is available to small and medium-sized enterprises (SMEs) within the Herefordshire, Shropshire and Telford & Wrekin areas. Capital grants are available for up to 45% of total eligible project costs (to a maximum £100,000) to reconfigure, extend and renovate premises for commercial use. Applicants can be owner-occupiers or tenants. Tenants must have a fixed-term lease with at least six years unexpired. Retrospective applications are not eligible and no work should start until written approval is received. Eligible projects must lead to the creation of at least one full time equivalent job within four months of the building completion works and the overall total number of jobs created will be taken into account when assessing the level of grant awarded.

The grant is primarily available to businesses which trade with other businesses (B2B).

As a guide, generally the following activities are **NOT** eligible for grant support:

Online retail or rental businesses. // Businesses involved solely in the retail sale of goods.\*\* // Restaurants, drinking establishments and fast food takeaways. // Bed and Breakfasts/hotel establishments // Home-based businesses that mainly provide services or goods on a similar basis to classes A1 to A5\*. // Activities which require planning that fall the under the Use Class part A, C and D in the Town and Country Planning (use classes) order 1987 e.g. operate by providing services and/or goods to the consumer.\* // Agents or sub-contractors involved in the sale of goods / products to the public. // Support for farm and farm diversification projects where the end use is agricultural or related to annex 1 (retail). // Businesses in arrears with business rates or council tax payments (this will be checked if invited to proceed to next stage).

\*\* *Businesses that provide services to **both** the general public and other businesses should discuss their potential eligibility with the project team.*

However, this list is not exhaustive and if you have any queries about the eligibility of your activity, please contact the programme team. **The key eligibility criteria for the scheme** is that the building will be used for business purposes once the works are completed, and will create jobs. These grants are not available for conversion to/ refurbishment of residential property, or for buildings that will be for agricultural or horticultural purposes. If you are a farmer applying for a grant, please discuss your proposal with the Building Investment Grant Team at the earliest opportunity due to European restrictions with this funding for those involved in primary production and processing. **Grants are paid towards the costs directly associated with the conversion/alteration of a building.** Funds are not available for purchasing the property, equipment, or 'excessive' landscaping (i.e. landscaping not specified in planning permission).

## How a Herefordshire hectare could save a Rainforest hectare...

**The Size of Herefordshire** is a radical new scheme set up by a local group, that aims to protect an area of rainforest in the Amazon that is the same size as the county – 218,000 hectares in total.

Tropical rainforests play a crucial role in helping counteract climate change – they currently absorb nearly a fifth of the world's man-made CO2 emissions every year, and are home to the indigenous Forest Peoples whose livelihoods depend entirely on them being sustained.

Herefordshire has a major problem with its carbon emissions and the Size of Herefordshire provides a unique opportunity for local people to take positive action, and to help keep this vital rainforest standing.

An interactive online map has been developed as a fundraising tool which links land in the county with parts of the rainforest. The map divides Herefordshire into individual squares each representing 10 hectares and with a one-off cost of £5.00 each to sponsor. You can sponsor up to 8 squares at a time.

**The Size of Herefordshire** is appealing to anyone who lives in the county to get involved by sponsoring their home, village, farm, business or a favourite place, by purchasing the relevant squares on the map.

Every pound raised through the map goes directly to the Forest Peoples Programme (UK Registered Charity No. 1082158). They assist the Forest Peoples in securing legal title of their land, thus preventing loggers and other corporations and exploiters from destroying it.

If you would like to support the project please visit [www.sizeofherefordshire.org](http://www.sizeofherefordshire.org) click on 'Donate,' scroll down to 'donate through our map,' and follow the simple steps. Any contribution, no matter how big or small is greatly appreciated.
