New Hub Co-ordinator

We are delighted to announce that Caron Johnson is joining the Hub as our Co-ordinator.

Caron, who has wide experience of project management including with the Eden project, recently moved from Cornwall to Symonds Yat with her husband and family.

She will be attending a range of upcoming Hub meetings and events with Cathy and is looking forward to meeting as many people as possible.

Cathy is continuing in her role as a Hub Director, and will be supporting Caron over the coming months.

Property and landowners – how to avoid becoming a victim of waste criminals

The Environment Agency is warning property and landowners, commercial property agents, trade associations and local authorities to be aware of the dangers posed by waste criminals. Industrial units are targeted by waste criminals, leaving premises full of waste, often structurally damaged and with a costly clean-up bill.

Below are some steps you can take to prevent yourself from becoming a waste crime victim.

Big Farmland Bird Count 2019

The Game & Wildlife Conservation Trust Big Farmland Bird Count runs from **February 8th–17th 2019**.

It takes just 30 minutes out on the farm from a vantage point of your choice.

You can do the short 30 minute count yourself or team up with a more experienced birder near you. It's a great way to see how birds are doing on your land in the middle of the winter and to demonstrate the benefits of the work you're doing to provide year-round food and habitat for birds. Over 50 Herefordshire farmers took part last year and we hope to increase the number in 2019.

You can find out more about the Big Farmland Bird Count, register your interest in taking part, download or order recording forms at www.gwct.org.uk/farming/big-farmland-bird-count/

The Wye & Usk Foundation– Here to Help

Natural Flood Management: Our advisers are working with landowners in target catchments to help deliver Natural Flood Management interventions through a DEFRA funded project. The target catchments are the Dulas, Bodenham, Pentalo, Tedstone, Cheaton, Ridgemore and Red/Twyford Brook. The project is run in partnership with Herefordshire Council and we are able to offer soil structure assessments, infiltration rate tests, worm counts and organic matter testing. If you farm in one of the target catchment and would like to find out more please call one of our advisers or visit:
<https://www.herefordshire.gov.uk/info/200196/roads/345/flooding/6>

Metaldehyde: It was recently announced that Metaldehyde will be banned from 2020. It has been a concern in the Wye for many years due to its impact on Drinking Water abstractions belonging to Severn Trent lower down the catchment. We are asking users to continue to follow safe spreading and handling procedures with any Metaldehyde based slug pellets they have left to use up during this transition period. Alternative products which use ferric phosphate as the active ingredient are just as effective for slug control thankfully!

Stewardship Schemes: Agreement offers are slowly trickling out for the schemes applied for last summer, if we assisted with your application and you would like us to check your agreement document please contact your adviser. We are also already getting requests for 2019 scheme applications – start thinking about it now and give us a call if you'd like us to help!

Our Advisers: Our team has expanded again and we are now a team of 8 – Kate, Mike, Lucinda, Tom and Jonny are all working across Herefordshire – we have now been joined by Abi Croshaw who was previously with CSF. Liz Price currently delivers farm advice in the Welsh Wye and has now been joined by Bridie Whittle.

For more information or to request a visit please contact one of the WUF advisers: Kate Adams (07766 330 959)

Lucinda Lewis (07824 904 877); **Mike Williams** (07920 441 215); **Tom Jolley** (07545 253 155); **Jonny Pugh** (07825 743 447)

The Prince's Countryside Fund

The Herefordshire Federation of Young Farmers' Clubs (HFYFC) working in partnership with Herefordshire Rural Hub have secured funding to provide support for training in a **rurally based career** to the end of December 2019. The funding is easy to access. All you need to do is select which course you would like to go on and complete the application form. If your application is approved you will be able to reclaim **70%** of your training and test costs, up to a maximum of **£250**. **Applicants must be a current member of HFYFC or a past HFYFC member (up to 40 yrs old).**

The fund will support training that will; **improve your employability, increase or improve your skill set, improve your safety or allow you to undertake extra responsibility in your current job.**

Some examples of training that has been funded so far:-

B+E Trailer, Chainsaw Certification, Pesticide Applications, Shearing, Artificial Insemination, Tractor Driving, Forklift Truck Driving
You could even apply for funding towards a **Rodent Control** course

Whatever training you are applying for, **please ensure that you submit your application in good time before your course is due to take place, as training cannot be funded retrospectively.**

Please note, the appraisal panel meets on the first Monday of the month.

For further details and an application form please contact: **Herefordshire Rural Hub CIC,**

COUNTRYSIDE
FUND

The Jack Hughes Fund - administered by Herefordshire Community Foundation

The Jack Hughes Fund will fund up to a maximum of 70% of the cost of training or costs up to a maximum of £150.

Funding will be limited to one family member/employee per annum

The programme will be available for farmers aged over 40

and will specifically provide funds to support those who require:

- retraining or upskilling as they are leaving the industry
- training to support a new farm diversification enterprise
- training or business support for succession planning

Funding will also be available for the following courses:

- Safe use of pesticides – PA1, PA2, PA6
- Rodent control on farms
- Emergency first aid
- Food safety (Basic Food Hygiene)
- Chainsaw Maintenance & Cross Cutting (CS30)

The funding is easy to access, but please note that the project will not support training retrospectively & places will be limited.

Applicants need to be resident in Herefordshire. For further details or an application form contact:-

The Merry Millers

As many of you will know, the Merry Millers are possibly the largest farm-orientated fundraisers in the area with approx. £90,000 having been raised for local charities in Herefordshire, Powys, Monmouthshire and Worcestershire since 2012.

They have just £10,000 to go to reach their target of £100,000.

So how can you help?

They are looking for generous farmers who would be willing to donate an animal or animals to the Merry Millers Charity. No animals? Then a cash donation is always welcome!

The Merry Millers are extremely grateful to the auctioneers at

Hereford Market, RG & RB Williams in Ross on Wye and Monmouthshire Livestock Centre who have agreed to sell any class of livestock that has been donated by farmers.

If you can help, please get in touch with any of the people below and let them know when the animals will be arriving in the market.

The last ever Merry Millers fund raising event will take place on 3rd May 2019

Charity Dinner Dance and Auction at Three Counties Hotel, Hereford

Over 240 tickets have been reserved already, with just 100 tickets left.

Get in touch with Ian or Janey if you'd like to attend or to make a donation.

St Michael's Hospice

Facebook community group: For those who use social media, St Michael's Hospice has launched a community forum on Facebook. It is a closed group for supportive conversation between families, patients and people connected to the Hospice. If you think you might benefit from this group, you can request to join by searching 'St Michael's Hospice Community Forum' on the Facebook search icon, and then click 'Groups'.

Big Spring Walk – Sunday 17th March, 2019: Spring will soon be with us. Celebrate this wonderful time of year by enjoying a stroll through our glorious, scenic countryside. The St Michael's Hospice Big Spring Walk guides you along your choice of four circular routes (2k, 5k, 11k, 16k), all beginning at Fownhope Recreation Ground. Your walk will be fully signposted, and our team of marshals will be positioned along the paths ready to help you on your way. There is no cost for this event as long as places are booked in advance online at www.st-michaels-hospice.org.uk/big-spring-walk/

Are you unsure about details of rules or regulations? Need help with understanding record keeping?

You may be cautious about asking for help from a regulatory body such as the Environment Agency, but they are always willing to advise and help you. Herefordshire Rural Hub can help signpost which organisation can help you.

Don't hold back from asking for help. It's free and could save your Basic Payment.

From Paul Crumpton - West Mercia Police

Just before Christmas I was invited to deliver a Crime Reduction presentation to the Ledbury Young Farmers Club where we discussed a range of topics from Thefts from farms through to Cyber Crime, and a very vocal group they were too! But they also listened, because over the next few days I was contacted by a few of the parents of those that were present to go and give them some crime reduction advice at their farms.

I have completed those crime reduction surveys, and a common point was made,
 "We didn't know you did all this, we just thought you came out when a crime has happened".

Please spread this message far and wide that I will come to your farm, home, business, field etc. In fact anywhere in Herefordshire and provide bespoke crime reduction advice for you, based on training and 33yrs of policing experience of what works and what does not BEFORE you become a victim of crime or if you sadly have, to help reduce the likelihood of it happening again.

What you will get is an appropriate and realistic assessment as we walk around your farm. You will receive that assessment in writing, and it's all FREE. Contact me direct on the details below to arrange a time that suits you best for me to visit.

So on this topic and over the next few newsletters I will be giving a 'Top Tip of the Month' based upon the principles of crime reduction, to help you keep the crooks away from your property.

TOP TIP – ACCESS CONTROL

If you can control the access, you can control most of what happens inside. Sounds obvious doesn't it? Take our farm in the picture, you can just make out the public road at the bottom of the image and the entrance to the farm yard that runs between a hedgerow and some fencing.

You can see the farmhouse on the left and barns on the right. You could also potentially see items of machinery and plant. You can see quite a bit from the road.....and so can the THIEF.

What's more, the thief can just drive straight in, have a recce, turn around and drive off again and now the crook has not only the intent and capability to commit a theft, but also knows what opportunities exist within the farm to steal.

The most expensive security measures you can implement.....are the ones that do not work.

So whilst there are many variations to farm layouts and business needs to take into account, there is always one fundamental principle I apply with security and that is to DETER or DEFLECT criminal activity before seeking to DETECT it.

In this example part of my advice would be to install some lockable gates at the pinch point between the hedge and fencing.

In other words, keeping the opportunist thief driving passed your farm and not into your yard in the first place.
